HAND HYGIENE
INFECTION CONTROL

CliniShield® Instant Hand Sanitizer

- An alcohol-based formula for rapid germ killing activity when handwashing facilities are not available.
- The anti-bacterial efficacy of Clinishield® Instant Hand Sanitizer is demonstrated in both in-vitro and in-vivo testing as specified by the FDA "TFM for Health Care Antiseptic Drug Products". Effective against a broad spectrum of organisms associated with the most commonly occurring healthcare acquired infections including those listed in the "National Nosocomial Infection Surveillance (NNIS) System Report".
